Accommodation

Only 7km outside Oudtshoorn is one of the world's 17 "hot spots" with 3 overlapping flower zones. This owner managed, 3000 hectare working farm, is malaria free, wheelchair friendly & child friendly. We are proud to announce the de Zeekoe is the only Fair-trade registered property in the Oudtshoorn area.

The name De Zeekoe, is derived for the Dutch name for the farm, Zeekoegat, which literally means "hippo waterhole" over a century ago, these odd-looking, water-loving creatures used to frequent the riverbed that still runs through the farm to this very day.
